

HONOR BLACKBURN WITH THEIR VOTES

KENTUCKY DEMOCRATS WANT HIM FOR PRESIDENT

Their Delegates So Instructed—Platform Favors Silver—Virginia Democrats Also Favor the White Metal—Republican Congressmen Elected In Oregon.

Lexington, Ky., June 5.—The democratic state convention completed its business Thursday and adjourned sine die at 1:40 o'clock. It proved a remarkable victory for Senator Blackburn and the free silver cause. He was indorsed for president, the delegates being instructed to vote for him. He was unanimously elected delegate from the state at large to the Chicago convention, as were Gen. P. Wat Hardin, who was defeated for governor last fall; John S. Rhea, the noted free-silver orator, and ex-Congressman W. T. Ellis of Paducah. The platform drawn by the majority of the committee on resolutions was adopted by practically a unanimous vote, while the minority report, which opposed the free coinage of silver, was rejected in the same manner. The committee on permanent organization had a big task, as it thoroughly reorganized the standing committees for the state, placing silver men on guard at every point.

Mr. P. P. Johnson was elected chairman of the state central and state executive committees.

After Temporary Chairman Bronston had called the convention to order the committees not being ready to report, Col. Breckenridge was called for and finally consented to speak. He contended that the present financial system is good enough; that what the people most need is rest from the long-continued agitation of the financial question. The colonel spoke for fifteen minutes, and his reception was so generous that the politicians who thought he had been shelved forever, were greatly disappointed.

The gold-standard men were not so bitter against the silverites yesterday as they were in the early hours of the convention. Then they were smarting under their defeat of last Saturday and anticipated a fight before the committee on credentials. That committee and the excellent rulings of Temporary Chairman Bronson did much to soften asperities. Bronson would decide a silver delegate out of order as quickly as he would a "sound money" man; and the way he "squeezed" several silverites, who were trying to make trouble, had a soothing effect on the gold men. Another thing which is calculated to cause the gold and silver democrats to come together is the almost certain candidacy of Col. Breckenridge for congress from the Ashland district.

VIRGINIA FOR SILVER.

State Convention of Democrats Takes a Stand on Money Question.

Staunton, Va., June 5.—In the Virginia democratic state convention Thursday Senator Daniel read the majority report of the resolutions committee. It deprecates the "growing influence of trusts"; declares for a tariff tax for revenue limited to the necessities of an economically administered government and opposes a third term of the presidential office. The following is the financial plank:

"We hereby instruct all of the delegates from Virginia to the national democratic convention at Chicago to vote for a platform declaring for the free and unlimited coinage of silver and gold at the ratio of 16 to 1, and for candidates for president and vice-president who openly advocate that principle."

Mr. Munford of Richmond presented a minority report signed by himself and five others, which opposes free coinage at 16 to 1 or any other arbitrary ratio without international agreement. After some discussion the minority report was rejected by a vote of 1,276 to 371 and the majority report was adopted as it came from the committee.

SILVER CANDIDATE WANTEC.

North Dakota Democrats Instruct Delegates to Vote for One.

Jamesstown, N. D., June 5.—The state democratic convention Thursday elected delegates to the Chicago convention and instructed them to vote for a plank for the free coinage of both gold and silver at 16 to 1 and use their influence to secure a silver candidate. The platform denounces the demonetization of silver and demands legislation that shall restore silver as a money metal, admitting both gold and silver to free and unlimited coinage upon the 16 to 1 ratio. It is practically settled that a joint ticket by both democrats and independents will be the result of the convention. The two conventions will probably be held at the same time and one ticket nominated which, it is confidently claimed, will carry the state, elect a congressman, and the major portion of the legislature.

MATTHEWS OR BOIES.

Former's Admirers Believe the Nomination Will Go to One of the Two. Indianapolis, Ind., June 5.—The men who are managing Gov. Matthews' campaign for the presidency claim to have information from Kentucky that

Blackburn will not expect more than a complimentary vote at Chicago. Gov. Matthews' friends here have made up their minds that the contest in the Chicago convention, provided the free-silver people are in control, will be between Boies and Matthews. The plan of the Matthews' managers will be to argue that the party cannot afford to turn down the candidate from a doubtful state. Indiana will be pledged to nominate Matthews on a free-silver platform. Iowa, they say, is reliably republican.

Silver Has an Ohio Convert.

Zanesville, Ohio, June 5.—The political sensation of the day in this part of Ohio is the announcement that Postmaster and ex-Senator D. H. Gaumer has come out for the white metal, and his newspaper, which is the democratic organ of the county, will swing into the silver column. This was productive of a sensation equally as profound as the announcement that Postmaster Gaumer would be a candidate for the democratic nomination for congress in the 15th district. Ex-Senator Gaumer was a member of the legislature which elected Senator Brice. The change of Senator Gaumer is regarded here as a deathblow to the gold sentiment, because it is now without a leader. There seems to be no doubt but what the delegates to the state convention will be instructed for silver. This insures a silver delegation to the national convention.

Crumpacker Has the Victory.

Michigan City, Ind., June 5.—The 10th district congressional convention, held in this city Thursday, was almost a repetition of the Johnson-Landis fight of two years ago. The vote by counties resulted: Crumpacker, 122,76; Hanly, 122,24.

Judge John Gillett of Porter county, chairman, declared Mr. Crumpacker nominated, and then the noise commenced, delegate after delegate demanding recognition, but the chairman would listen to nothing but a motion to adjourn, which was determined, by a call of the counties, by the narrow margin of three, and the crowd of 1,000 or more scrambled for the exits. The committee on resolutions declared for protection and "sound money."

Whitelaw Reid at Canton, Ohio.

Canton, Ohio, June 5.—Whitelaw Reid was here Thursday, lunched with Major McKinley and spent all the afternoon with him. In talking current political matters Mr. Reid says that he held a conference with Mark Hanna in Cleveland before he came here. In reply to a query as to what should be made the chief issue in the campaign he said that was with the people, who, he thinks, have come to realize fully that they made a mistake when they destroyed the McKinley bill and put in a substitute.

Preference of Kansas Delegates.

Topeka, Kas., June 5.—A poll of the Kansas delegation to the national democratic convention shows twelve for Bland, four for Boies and four for Gov. Matthews of Indiana for president. While the advocates of a gold standard realize that Kansas will never support an eastern man they argue that Gov. Matthews would make a better candidate than Bland because both factions could unite on him.

McDonough Wants Silver.

Macomb, Ill., June 5.—The McDonough county democratic convention met in this city Thursday and selected delegates to the state, judicial, congressional and senatorial conventions. Resolutions were passed demanding the free coinage of silver at 16 to 1, earnestly indorsing the administration of Gov. Altgeld and instructing delegates to use every means to further his renomination.

Quinn Beaten in Oregon.

Portland, Ore., June 5.—Returns and corrections received here somewhat reverse things and show that Ellis (rep.) has a plurality of 65 over Quinn (pop.) for congress in the second district. Complete returns are still missing from three counties. The count in this city was completed last evening. Pennoyer, for mayor, has a plurality of 2,384, in a total vote of 15,279.

AUSTIN CORBIN KILLED.

Millionaire Banker and Financier Thrown from His Carriage.

Newport, N. H., June 5.—Austin Corbin, the millionaire banker and financier of New York, and his coachman, John Stokes, were killed as the result of a runaway accident here Thursday afternoon. A young nephew of the banker, Corbin Edgell, and Dr. Kunzler, the latter an intimate friend of the family, were in the carriage and were seriously injured. Edgell had a leg broken and was badly cut and bruised otherwise. Dr. Kunzler's injuries are supposed to be of an internal nature. The accident was due to a pair of green horses attached to the carriage taking fright and dashing with full speed against a heavy buttress stone wall on the side of the road.

For Two Battleships.

Washington, June 5.—By a vote of 17 to 33 the senate has insisted on its amendment to the naval bill reducing the number of battleships from four to two.

Scotch-Irish Society Meets.

Harrisburg, Pa., June 5.—The eighth congress of the Scotch-Irish Society of America opened a two days' session in this city Thursday. The attendance was large.

DEBRIS CLEARED UP AND STREETS OPEN

ST. LOUIS. □ THOROUGHFARES ONCE MORE PASSABLE.

Eighty-Five Miles of Highway Opened For Traffic—The Mississippi River Commencing to Give Up Its Dead—New Estimate of Lives Lost in the Cyclone.

St. Louis, Mo., June 5.—There have been just eighty-five miles of streets obstructed by debris as a result of the tornado. All of these streets have been made passable and will be cleaned up in ten days. In the city there are 480 miles of improved streets, so it can be seen to what extent the tornado interrupted traffic. The storm district on its outside lines extended from the river on the east to Tower Grove avenue on the west and from Olive street on the north to Lynch street on the south. This comprises an area of six square miles. The extreme limits were three miles east and west and two miles north and south.

An adequate idea of the damage can be formed when it is stated that if all the houses damaged and blown down were on both sides of one street that street would be eighty-five miles long. In addition to this there are many more streets obstructed by wires and the like, which are not counted in the total.

It has been feared that a large number of the people now reported missing from East St. Louis found watery graves. In the past two days two bodies have been dragged from the Mississippi's waters. The body of an unknown woman was taken from the water near East Carondelet. It still lies unidentified. A large number of horses and other animals have been found in the debris which has collected along the banks. A number of these horses were fully harnessed, and the storm occurred at a time when the river front was crowded with teams going to and coming from St. Louis with the last load for the day.

It is thought that a number of the drivers may also have been swept into the stream. There is no way to fully determine the number of missing. Up to date they number twenty-six.

Burial permits to the number of 102 have been issued; one inquest has been held for which no permit was issued, and there have been two additional bodies found. Injured in hospitals number forty-eight, of which seven cannot live.

No additional bodies have been recovered from the ruins of the tornado-stricken district in St. Louis and only one additional death has been reported. Those reported as missing now are:

James T. McGurk, Cincinnati, O.; George Mallory, 28 years old, worked for Missouri Car and Foundry company; William Nolan, 31 years old; Julius Gohering, 45 years old, machinist; Gustave Dertling, 36 years, 3524 North Broadway.

A recapitulation of the casualty list in St. Louis is as follows: Burial permits issued to date, 127; inquests held, no permit issued, 1; killed, bodies not recovered, 13; wounded in hospital, 90; missing, 83.

The total amount of contributions received is \$161,658.

Employers Not Liable for Defects.

Lincoln, Neb., June 5.—The supreme court has handed down the opinion on the liability of masters for accidents to servants. The case was one in which a street car employee had been injured by a live wire. It was held that the master does not insure his servants against defective appliances. Only ordinary care is required. Liability does not arise from use of defective appliances, but from negligence. The decision increases the responsibility of employers.

Sir Walter Wins Brooklyn Handicap.

New York, June 5.—Three times has the gallant and game Sir Walter tried to win the Brooklyn handicap, and at last he has been successful. Twice before he was third, beaten out by a fraction at the end, but Thursday Taral was on his back, and his skill, combined with a lack of judgment on the part of Clayton, who rode the favorite, helped to give the victory to the son of Midlothian and LaScilla amid a roar of applause rarely heard nowadays upon a racetrack.

Small Hope for Mrs. Maybrick.

London, June 5.—The secretary of state for home affairs, Sir Matthew White Ripley, replying in the house of commons to Dr. G. B. Clark, liberal member for Caithnesshire, who asked whether Mrs. Florence Maybrick was detained for murder or for the administration of arsenic with intent to murder, said the prisoner was serving imprisonment for life after having been convicted of murder. He added that the government did not see any reason for further clemency, the sentence of death having been imposed upon her and subsequently commuted to imprisonment for life.

Convention of Iowa Editors.

Onawa, Iowa, June 5.—Nearly 200 county editors are present at the third annual session of the Corn Belt Editorial association, which convened at Onawa Thursday morning. Practical questions concerning newspaper work in country towns will occupy the attention of the members. The convention will close with a banquet Friday night.

REJECT THE BILL WHEN IT COMES UP

ANTI-BOND MEASURE CANNOT PASS THE HOUSE.

Committee on Ways and Means Decides to Report It Adversely—Filled Cheese Bill Passed—Nearly Ready for Adjournment—Other Gossip of the Capital.

Washington, June 5.—The house committee on ways and means by a vote of 13 to 2 decided to report the senate bond bill adversely.

There was little discussion of the resolution. Republicans spoke of it as a popular measure. Mr. Grosvenor made the motion for an adverse report, which was carried after Mr. Wheeler's motion for a favorable report had been voted down. Chairman Dingley has prepared the majority report and Mr. Wheeler will make one for the minority.

"FILLED" CHEESE BILL READY.

Awaits the President's Signature to Become a Law.

Washington, June 5.—The "filled" cheese bill is ready for the president's signature. The senate on Thursday passed it by a vote of thirty-seven to thirteen, rejecting all proposed amendments, including those of the finance committee, by which the amount of taxes levied on manufacturers and dealers was reduced. The bill was passed precisely as it came from the total.

It has been feared that a large number of the people now reported missing from East St. Louis found watery graves. In the past two days two bodies have been dragged from the Mississippi's waters. The body of an unknown woman was taken from the water near East Carondelet. It still lies unidentified. A large number of horses and other animals have been found in the debris which has collected along the banks. A number of these horses were fully harnessed, and the storm occurred at a time when the river front was crowded with teams going to and coming from St. Louis with the last load for the day.

It is thought that a number of the drivers may also have been swept into the stream. There is no way to fully determine the number of missing. Up to date they number twenty-six.

Burial permits to the number of 102 have been issued; one inquest has been held for which no permit was issued, 1; killed, bodies not recovered, 13; wounded in hospital, 90; missing, 83.

The total amount of contributions received is \$161,658.

As it goes to the president, the bill provides that manufacturers of filled cheese shall pay an annual tax of \$400, every wholesaler \$250 per annum, and every retailer \$12 per annum. All of these taxes shall become due July 1 of every year. Manufacturers who fail to pay this tax shall be liable to a fine of from \$400 to \$3,000, and also be required to pay the regular amount of tax; wholesalers failing to pay the tax shall be fined from \$250 to \$1,000, and retailers from \$40 to \$500 for non-payment of the tax.

In addition to this the manufacturers of filled cheese must pay a tax of 1 cent per pound upon all the cheese of this class manufactured by them, and all imported filled cheese must pay a tax of 8 cents per pound. Any manufacturer failing to comply with this portion of the act, and every person purchasing filled cheese, which he knows has not been tax-paid, is liable to a fine.

Provision is made for the thorough branding, marking and labeling of the filled cheese, so that purchasers must know what they are buying. Not only must cheese be put in uniform wooden boxes, branded with the words "filled cheese," in two-inch black-faced letters on top, bottom, and four places on the sides, but retailers must sell from the marked packages, and also inclose their sales, no matter how small, in wooden or paper packages, plainly marked with the words "filled cheese."

In addition to all this, the dealers must place in a conspicuous position in their salesroom a sign with six-inch letters, bearing the words "filled cheese sold here." Provision is made for a compliance with this law by the imposition of fine or imprisonment, or both, for failure to comply with it. The act is to go into effect on the ninetieth day after its passage.

SOON DUE IN ST. LOUIS.

Congressmen Are Thinking Seriously About Adjournment.

Washington, June 5.—The members of congress are much gratified at the progress made with the appropriation bills and other matters considered essential to an early adjournment. The deficiency bill was completed Thursday, and good progress was made on the conference reports on the Indian and naval bills. The vexed question as to the number of battle ships and the price of armor still remains in dispute in the naval bill, however, and the troublesome question about the time of ceasing to contract with sectarian schools for the instruction of the Indian youth is still unsettled in the Indian bill. Aside from these three troublesome problems, there is little that need delay any considerable time. The quorum is rapidly disappearing, and this fact may hasten final action, especially as a good many members of both houses of congress are anxious to leave here for St. Louis as soon as practicable. All the members desire as prompt an adjournment as possible, and some are hoping to see it take place on Saturday, or on Monday.

Presbyterians Make Appropriations.

Xenia, Ohio, June 5.—The united Presbyterian general assembly named boards of control for the ensuing year.

Thursday. The following sums were appropriated to the various boards: To foreign missions, \$108,000; to home missions, \$100,000; church extension, \$50,000; freedmen's missions, \$50,000; ministerial relief, \$8,000; education, regular work, \$10,000; colleges and seminaries, \$20,000; assembly's fund, \$3,000. Total, \$349,000.

EVANSVILLE MAN DIED SUDDENLY.

Judson Ballard, Aged 21, Passes Away—Other News Notes.

Evansville, June 5.—The death of Judson Ballard which occurred Wednesday noon, was a great shock to our citizens. Mr. Ballard was a young man scarcely 21 years of age, and since the death of his father, Harrison Ballard, about three years ago, he has been the main dependent on the farm for his mother. He was married last October to Dora Patterson. He was ill but a few days the cause of his death being inflammation of the bowels. Besides his immediate relatives he leaves a large circle of friends to mourn his loss. The masons are ready laying the foundation for the new bridge to be built on Main street, where is much needed. The date has not yet been set for the social party which will be given in Magee's hall soon. Professor Dickelman's orchestra, consisting of C. Dickelman, violinist; M. Mason, clarinetist; John Johnson, cornetist; John Porter, flute; Elmer Scovill, trombone; S. E. Barnard, second violin; and Miss Cora Harris, pianist, will furnish the music. Seminary graduation June 9. Mrs. Vie Campbell, Mrs. M. V. Pratt and Mrs. M. M. Scott are attending the W. C. T. U. state convention at Beloit this week. Mrs. Alice Jenkins, of Rockford, spent a few days with her parents, Mr. and Mrs. Snow, and sister, Mrs. F. Hubbard. Mrs. W. Baines and Miss Helen Morgan, of Janesville; Archie Morgan, of Madison; and Mrs. J. Coulter and Miss Mae, of Janesville, spent Saturday and Sunday at Charles Morgan's. Mrs. C. James left, Tuesday, to visit with her daughter, in Baraboo. Mrs. G. D. Ingraham left Friday for Oklahoma. I. T., to remain during the summer with relatives. Mr. and Mrs. Charlie Hollister of Chicago, Sunday here with friends. E. Harris has returned to Madison, having been quite ill here for a few days. Fred Porter of Chandler, Wis., spent Sunday with his mother, Mrs. K. F. Randolph.

FIFTY YEARS' WORK FOR GOOD OF MAN

AMERICAN MISSIONARY ASSOCIATION'S JUBILEE MARKED

Interesting Meetings Held at the Congregational Church Yesterday Afternoon and Last Evening—The Subjects Dealt With—The State W. C. T. U. Session Is Ended.

Missionary workers rallied at the Congregational church yesterday afternoon and last evening. At the afternoon session the following subjects were dealt with:

"Responsibility of Our Churches to the Work of the A. M. A. This Jubilee Year"—John M. Whitehead, Janesville.

"The Fiftieth Birthday of the A. M. A."—Rev. Dr. J. E. Kay, Chicago.

"Among the Indians"—Miss Dora B. Dodge, Remington Station, S. D.

"The Redemption of the Race"—Rev. Spencer Snell, Talledega, Ala.

"Talk of Slavery Days"—J. T. Wright, Janesville.

At the evening service the subjects were:

"The A. M. A. Work Among Our American Highlanders"—Rev. W. G. Olinger, Williamsburg, Ky.

Speeches by J. M. Whitehead, Rev. Mr. Snell and Miss Dodge.

The event was the jubilee service marking of the American Missionary Association's golden anniversary.

John M. Whitehead presided at the afternoon meeting.

"All Hail The Power of Jesus' Name" was sung, after

which Rev. A. S. Kaye of the Broadhead Congregational church invoked the blessing.

Mr. Whitehead's Address.

Mr. Whitehead delivered his address in the absence of a regular pastor. He extended a warm welcome to the visitors, and said that the local church had contributed to the cause of the A. M. A. in various ways. Much had been accomplished, and there was much yet to be done.

Rev. Dr. J. Roy, district secretary of the association, sketched the birth and development of the organization, and paid a tribute to the woman workers, who had done much that men could not.

To assume the duties of his present office, Dr. Roy resigned the pastorate of the Plymouth Congregational church in Chicago, in 1860, to accept, but for many years he was transferred to the Home Missionary society.

Miss Dora B. Dodge's talk was very interesting. She has been a missionary at Remington Station, South Dakota, associated with John Bluecloud and his wife. She has spent the past five years among the Indians, and gave an outline of the mission work among the red men.

Rev. Mr. Snell was a Slave.

Rev. Spencer Snell, who spoke after Miss Dodge, was a born slave and preceded his remarks with a plantation song. The colored people of the south, he said were trying to learn and he spoke appreciatively of the women missionaries who were endeavoring to aid them in that aim. They sacrificed food and clothing for books and knowledge, and were being taught to work with their hands, think with their minds and love with their hearts.

J. T. Wright, president of the Rock County Sunday School association then spoke, telling of slavery days in an interesting vein, and after singing "Blest Be the Tie That Binds," the meeting adjourned.

A basket luncheon was served at 6 o'clock, and the evening service opened an hour or so later. The church choir sang at this service, and patriotic decorations had been hung in the organ loft.

Rev. W. G. Olinger was the principal speaker, although remarks were made by Rev. Mr. Snell, Miss Dodge, and Dr. Roy. It was resolved to take up a collection for the work next Sunday, and after the Doxology had been sung, the meeting came to an end.

WISCONSIN W. C. T. U. ADJOURNS.

Mrs. Rounds of the Illinois Union Address

The Convention.

Beloit, June 5—The twenty-second annual convention of the Woman's Christian Temperance Union closed last night. Aside from the business subjects the event of yesterday was the vigorous address of Mrs. Rounds, the president of the Illinois union, who received an ovation on her appearance in the convention hall. The report of the executive committee on constitutional amendments stirred the convention up a great deal, especially in the matter of editor for the official paper. The Motor, which has been a financial burden to the union. The present incumbent, Mrs. Hanchett of Madison, was finally re-elected. The suggestion of changing the time for holding the meeting did not receive support. The old officers were re-elected as follows:

President, Mrs. Vie H. Campbell, Evansville; vice president-at-large, Dr. Annette J. Shaw, El Cajon; recording secretary, Mrs. Augusta E. Strong, Baraboo; treasurer, Mrs. Ida M. Cooke, Green Bay; corresponding secretary, Mrs. Alice Ames, Madison; delegates to the national convention, Mrs. C. O. Warner, Beloit; alternate, Mrs. E. M. Wheeler, Beloit; Mrs. Emma W. Shaw, Ashland; alternate, Mrs. Sarah Urban, Marshfield; Mrs. W. A. Lawson, Milwaukee; alternate, Miss Jessie Hagerly, Milwaukee; Mrs. K. V. Stevens, Madison; alternate, Mrs. F. Hanchett, Madison; Mrs. W. E. Thompson, Milwaukee; alternate, Mrs. Edith Davis, Appleton; alternate, Mrs. H. S. Hastings, Appleton.

POLLS ARE OPEN
FOR C.E. BALLOTSCONDITIONS ARRANGED BY
LOCAL ENDEAVORERS.

It Had Been Intended to Limit the Vote to Coupons Cut From the Paper But An Allowance On New Subscriptions Has Been Made By General Request.

June 1 the poll's opened for the Christian Endeavor convention ballots. Somebody will go to Washington as The Gazette's guest next month.

Who it is to be the vote will determine.

It was intended at first to have no voting except by coupons clipped from the paper. The premium allowed for new subscribers in the piano contest two years ago, was a source of complaint, so many blocks of votes being transferred from one candidate to another at the last moment. Consultation with members of the three local Christian Endeavor societies, however, resulted in a change of plan. It was urged by all the young people interviewed that allowance be made for new subscribers as well as for coupons. Their arguments decided the matter but it was determined that no voters should be transferred after being once recorded. The conditions of the vote will be as follows:

Any one, anywhere in any state is entitled to vote.

Cut out the coupon (trimming on the dotted lines.) Write in the name of your candidate, and send to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

None but members of the Janesville Christian Endeavor societies are eligible as candidates. The winner will have railroad and Pullman fare paid from Janesville to Washington and will have hotel expenses paid throughout the convention.

Votes may be sent in at any time. The polls close July 1 at 9 o'clock p.m.

The votes allowed on new subscriptions paid in advance will be:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is entitled, of course, to cut coupons from the paper from day to day, and vote in the regular manner.

No person shall be allowed extra votes for stopping his paper and having it sent to another name at the same address. In every instance they must be bona fide new subscribers. No person will be allowed to stop his paper on Monday, start it again Tuesday and claim the premium.

WASHINGTON
COUPON.

ONE VOTE FOR

The person receiving the most votes between June 1 and July 1, will have railroad fare to Washington and return, as well as hotel expenses in Washington during the National Christian Endeavor Convention, paid by the publishers of The Janesville Gazette.

A GOOD PRACTICE.

If You Want a Good Appetite and Perfect Digestion.

After each meal dissolve one or two of Stuart's Dyspepsia Tablets in the mouth and, mingling with the food, they constitute a perfect digestive, absolutely safe for the most sensitive stomach.

They digest the food before it has time to ferment, thus preventing the formation of gas and keeping the blood pure and free from the poisonous products of fermented, half-digested food.

Stuart's Dyspepsia Tablets make the complexion clear by keeping the blood pure.

They increase flesh by digesting flesh-forming foods.

Stuart's Dyspepsia Tablets is the only remedy designed especially for the cure of stomach troubles and nothing else.

One disease, one remedy, the successful physician of to-day is the specialist, the successful medicine is the medicine prepared especially for one disease.

A whole package taken at one time would not hurt you, but would simply be a waste of good material.

Over six thousand men and women in the state of Michigan alone have been cured of indigestion and dyspepsia by the use of Stuart's Dyspepsia Tablets.

Sold by all druggists at 50 cents per package.

GIVE BUT ONE DAY'S RACING

Janesville Driving Club Alters The Woodmen's Day Plans.

The managers of the Janesville Driving club have decided to give but one day's racing in honor of the Woodmen's picnic, and all events will take place on June 10. The program includes a free-for-all race, 2:24 trot and a 2:29 trot and pace, besides three bicycling races, which will be a special feature.

Charles Meade, of Dundee, Ill., a well known horseman, will train his horses upon the local track. In his stalls are Manager T., a pacer, with a record of '26 1/2, and Black Bess, a trotter, with a mark of '27.

FEDERATION OF LABOR BRANCH

Meeting Will be Held June 15 to Elect Officers.

The present prospects for the formation of a branch of the Federation of Labor are encouraging and a meeting will be held in Labor Union hall on the evening of Monday June 15 to perfect arrangements and elect a president, vice president, treasurer and secretary. The branch will include all the local unions.

A. L. Wooster, a prominent citizen of Ossce, Mich., after suffering exquisitely from piles for twenty years, was cured in a short time by using DeWitt's Witch Hazel Salve, an absolute cure for all skin diseases. More of this preparation is used than all others combined. C. D. Stevens.

Young mothers dread the summer months on account of the great mortality among children, caused by bowel troubles. Perfect safety may be assured those who keep on hand DeWitt's Colic and Cholera Cure, and administer it promptly. For cramps, bilious colic, dysentery and diarrhea, it affords instant relief. C. D. Stevens.

For Over Fifty Years

Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain; cures wind colic, and is the best remedy for diarrhea. Twenty-five cents a bottle.

LEAF RATES RAISED
BY WEYLER'S ORDERTOBACCO TAKES A SLIGHT
UPWARD TURN.

Prospect For a Good Crop, The Leaf Says, Was Never Better in the History of the State—Planting Nearly Done—Some Minor Weed Gossip.

The recent order of Captain General Weyler has been the means of imparting just a trifle of additional life to our market, says the Janesville Leaf. This new life shows itself in a few of our dealers taking slightly increased interest in what old goods yet remain in the hands of the farmers of the state. To be sure, the interest has not developed to any great degree, but it is noticeable just the same. Among the larger transactions reported are 147 cases '93 sold by A. N. Jones; 50 cases '93 sold by Soverhill & Porter, and 12 cases '93 sold by G. H. Rumrill. It is reported that Barnard & Wilder of Evansville, bought about 150 cases of '93.

Never before in the history of tobacco growing in this state, has there been as bright an outlook for the new crop and never before has there been so much tobacco transplanted the first week in June as there will be at the close of this week. Nearly all the farmers have been planting and some have from six to ten acres already planted.

Local Leaf Gossip.

A. N. Jones shipped three cars of '93 this week.

F. S. Baines left Wednesday for Westby, where he goes in quest of the weedничий.

Chas. Tallard, of Edgerton, has entered the employ of G. A. Proctor, of Chicago, as leaf tobacco salesman.

Jacob Drapkin has brought suit against G. A. Proctor, alleging that Proctor forcibly thrust him from 79 W. Madison street, Chicago, some weeks ago.

G. A. Proctor came up from Chicago Friday and spent over Sunday with his family returning Tuesday. Mr. Proctor barely escaped a severe attack of inflammation of the bowels last Saturday, only prompt and well directed efforts preventing a serious and probably fatal illness.

Geo. H. Rumrill is not only a hustler at buying and selling tobacco but can handle the gun and rod in a skillful manner. Monday Mr. Rumrill and John Lund tried their piscatorial skill and among a nice string of beauties had a fine pickerel weighing twenty three pounds and John declares that they did not catch it with a silver hook.

BRADLEY EARNS CREDIT.

Nobody who has watched Governor Bradley's progress, believes that his withdrawal from the presidential race was due to self interest. Confidence will be placed in his manly statement that:

"The nominee at St. Louis should have the undivided support of the party, for the commercial interest of the republic is in as much danger as in 1861. Personal preferences should be laid aside and petty animosities forgotten. Kentucky republicans won a signal triumph last fall on a ringing declaration for sound money. They should stand by their guns, forgetting all internece strife and march shoulder to shoulder to a grand victory in November."

Governor Bradley is not less ambitious than other candidates who have entered the lists, nor are his friends less staunch. It is held that state leaders cannot conscientiously throw over the men to whom they long ago pledged their faith. But Kentucky's candidate leads the way out of the wilds of political embarrasment. McKinley will be nominated. No man seriously doubts it. Is it not, then, the part of wisdom and patriotism, in view of the developments of the past week, for the remaining candidates to withdraw their names, thus relieving their respective states of an obligation and proving that their regard for the country's welfare and the party's united front is superior to their regard for self?

A VETO OF CLAUSES.

The river and harbor bill, which authorizes contracts amounting to over \$62,000,000, which has been passed over the veto, is not the wisest sort of a measure, as a whole, though of course it has some good provisions. River and harbor bills have caused more trouble to congresses and presidents than any three of the other regular money bills of the government. Many of them have encountered the veto, and a few of them like the present one, have secured enough votes to override that barrier. The experience with river and harbor bills shows the desirability of giving the president the power which some governors have to veto provisions in appropriation bills without affecting the other items in the measures.

McKinley is the man the people want, for his name is symbolical of the kind of legislation that keeps the wheels of domestic industry moving, and favors home labor by shutting out unjust and unfair competition.

The declaration is made that President Cleveland is the only member of the administration who has made a fortune while holding his present office. Secretary Carlisle was suspected but he pleads not guilty.

President Eliot don't think much of the Grand Army men and he is not afraid to say so. We admire his spunk, if not his sense.

The inference is that The Recorder's commendation of a barn burner or sand-bagger would be equally enthusiastic.

Janesville's high school never made as good a showing as in the year just ending.

HOWE IS IN COURT
AT DELAVAN TODAYALLEGED MURDERER HAS AN
EXAMINATION.

Darien's Sensation Is Being Probed By the Authorities—Defendant Takes the Matter Very Cooly—Said to Be Familiar With Writing—Hearing Not Finished.

The preliminary examination of Leroy Howe of Darien, charged with the murder of his brother, Charles Howe, on the night of May 22, was held before Court Commissioner Von Suessmich at Delavan yesterday.

The witnesses called by the prosecution were: U. Willard, Morris Isaacs, James Seaver, D. P. Clough, Dr. J. F. Reed, Dr. A. J. Rodman, Dr. F. A. Rice, J. Horder, David Williams, E. G. Holland, Washington Dunn and Oscar Howe, the father of the defendant, who testified respectively, to the finding of the body, the cause of death, to seeing the brothers at the lodge of Modern Woodmen, to their leaving the town together the night of the murder, to the finding of Leroy's pistol, to the calibre of the bullet that caused his death, to Leroy's testimony at the inquest, and the attitude of the brothers toward each other prior to the murder. At 4 p.m. the examination was adjourned until 9 o'clock this morning. D. Bennett Barnes is attorney for the defense and C. B. Summer for the prosecution.

Defendant Keeps Cool

The defendant is a farmer, aged nineteen, and seemed not disturbed by the accusation or proceedings. He claims that just before he left his brother, a strange man was talking with him. The next seen of Charles Howe was his dead body lying on the road the following morning. Death was caused by a 32-caliber bullet, which had passed through his head, lodging just under the skin on the left side. There were no signs of a struggle. A search of the premises occupied by the defendant brought to light a Stevens pocket rifle, which will shoot a bullet through a two-inch plank with ease. The skeleton stock of the rifle was not found, but the gun could be used as a target pistol.

During the examination Dr. J. F. Reed testified that Howe had been dead from six to ten hours; that death must have been instantaneous, and that it would have been impossible for the man to have crossed his hands. While all encountered difficulty in reading the note pinned to the dead man's coat, the prisoner is alleged to have read it readily, and when interrogated as to its being Charley's writing is said to have replied: "You bet it is." The examination will occupy two or three days.

BIG CROWD COMING
TO THE LOG-ROLLINGINTEREST INCREASES AS THE
DAY NEARS.

Elgin and Rockford Alone Will Send Nearly Ten Thousand People As the Result Of a Fight For the Prize For the Largest Camp.

As the time for the Modern Woodmen's picnic draws near, the interest grows, and the indications are that the Neighbors will be here 40,000 strong.

Secretary W. H. Ashcraft, Jr., of the local camp, has received notices from DeKalb and Marengo, Ill., which indicate that nearly all the residents of that part of the country are coming.

At DeKalb a delegation of 2,000 people are making preparations to come and do their best to advertise that town as the picnic next year will be held there. The little city of Marengo expects to send 1,000 people.

A message has been received stating that much rivalry exists between the camps of Rockford and Elgin, the object being to see which city

will send the largest delegation of Woodmen to Jamesville, so as to capture the prize for the largest camp in the parade. The camps of both these cities are hard at work soliciting new members and as the two towns have the largest membership in this territory, the fight means the bringing of 9,000 people from these two cities alone.

ALL Hands Will Decorate.

The business portion of the city, it is safe to say, will be in holiday attire, as flags and bunting have been sold in larger quantities than ever before.

The framework for the two arches to be erected in honor of the Modern Woodmen, have been built, and will be put in place tomorrow. The arch will be in several sections. One section spans the sidewalk, the second spans the driveway, and the center one spans the street railway track.

They are graduated in height so as to make a harmonious whole, and will undoubtedly make a fine show. The idea was suggested by Chief Spencer, George Schaller drew the plan and did the woodwork, while W. P. Sayles will probably do the decorating. The framework will be raised tomorrow, but the decorations will not be put on until Monday or Tuesday.

Modern Woodmen emblems, bunting and flags will be used in the decorations.

KIMBALL-PRICHARD NUPTIALS.

The Ceremony Will Be Performed Wednesday Afternoon, June 17.

Invitations have been issued for the marriage of two of Jamesville's most prominent young people, they being Miss Abby Elizabeth Pritchard and George Fenner Kimball. The happy event will take place at the South Main street home of the bride's mother, Wednesday afternoon, June 17.

VOICE OF THE CARPER.

He Rises to Remark That All Things
Are for the Worst.

It has been observed from time immemorial that a curious perversity of climate—so we have been accustomed to consider it—generally provokes one sort of weather to match a precisely opposite sort of clothing, says the Cleveland World. Thus a walking-stick will generally attract rain and an umbrella will produce sunshine. Indeed, the principle of perversity governs every department of life. Should sunshine be necessary it will be wet. Documents of no importance are never mislaid. We invariably meet the people whom we are anxious to avoid and miss those whom we especially wish to meet. A woman generally loses her heart to the wrong man; a man generally marries the wrong woman. Every one will be able to add to these examples almost indefinitely from personal experience. There are no accidents whatever in life. Modern science has established that every incident is governed by an invariable law. Careful observation and the study of statistics prove beyond the possibility of doubt that clothes do very materially influence weather, a discovery which should be invaluable not only to the farmer but to every member of the community. Recent science, moreover, has erroneously adopted the theory of the survival of the fittest. The primal law which governs every circumstance of life is the survival of the unfittest. For instance, if a man is to inherit a fortune from a relative the latter will survive to extreme old age. In literature and in art the man of talent fails; the charlatan attains fame. In finance and in commerce the swindler makes a fortune and becomes fashionable; the honest man is driven into bankruptcy. An enemy is sure to flourish. The pattern Sunday school boy is cut off in his youth; the truant grows to manhood, marries happily and dies respected and regretted by all. The worthy youth never marries the woman he loves; she marries his utterly worthless rival.

A MISSIONARY BICYCLE.

Such a Strong Attraction That It Broke
Up the Meeting.

From the Cleveland Leader: The following is an extract from a letter recently received by the Rev. H. A. Schaufler from his daughter, a missionary in Persia:

"Mr. Allen, the superintendent of the industrial department, has gone to America to learn something more of the iron trade, as an iron department is to be added to the shop. He started off on his bicycle and expected to ride to Batoum, on the Black Sea, stop at Samson, and run up to Marsovan on his wheel to see the training school there, and take the steamer to Marseilles and run across France, making the journey as cheap as possible. In August he took a tour to the southern part of our field on his wheel. He would leave the horsemen who accompanied him way behind him, and rode most of the way alone. Everywhere he was an object of the greatest wonder and excitement. Some said that it was the cholera come again! He would get to a village, and the whole place would gather to see him. He would have to give an exhibition, and finally end up in some open place where the native helper who accompanied him would be ready to hold a service. The congregation was there with no ringing of bells, except the bicycle bell. Mr. Allen says that in this way villages were opened up where never before had the Gospel message been allowed to enter. But sometimes he got into trouble, and at one place such a mob surrounded him that he had to get out of that village at the earliest opportunity. One day he was riding along alone when he saw a horseman ahead of him, who stopped and stared with all his might at this strange apparition. Then the man drew a cartridge and slipped it into his gun, at which Mr. Allen jumped off his wheel with the greatest alacrity and called out: 'Don't shoot. I'm a squirrel!'

After the Squirrel.

An anti-squirrel convention is to be held in Spokane, Wash., on May 15, which will be attended by delegates from all county boards in eastern Washington. The purpose of the convention is to make united and determined efforts to exterminate the ground squirrels, which annually destroy grain and other crops in that region to the value of several hundred thousand dollars.

STATE OF WISCONSIN—ROCK COUNTY—
SS.—Notice is hereby given, that by virtue of an execution issued out of the circuit court for Rock county, Wisconsin, on a judgment rendered March 27, 1896, in favor of the plaintiff, E. Cahagan, defendant, for the sum of one hundred four and 75-100 dollars damages and twenty-five dollars costs, I will, on the 18th day of May, 1896, at ten o'clock in the forenoon of said day, at the front door of the postoffice in the city of Janesville, county of Rock and state of Wisconsin, offer for sale and sell the same, in action to the highest bidder, therefor, all the interest which the defendant, E. Cahagan, had on the 22d day of October, 1895, in and to the following described premises, lying and being in the town of Spring Valley, Rock county, and known and described as:

The west half of the southwest quarter of section twenty-one (21) and the southwest quarter of the southeast quarter of section twenty-one (21) and the southwest quarter of the southeast quarter of section twenty (20) town two (2) range ten (10); said interest being an undivided one-sixth interest in all of the real estate above described.—Dated April 3, 1896.

ROCK COUNTY—SS.—WHEREAS, by virtue of a writ of attachment issued out of the circuit court for Rock county in an action wherein Emma Belle Cary was plaintiff and Martin H. Broderick was defendant I levied upon and attached the real estate and premises hereinabove described, on the 24th day of January, 1896, as the property of the defendant, Martin H. Broderick, and in the judgment rendered in said action, dated the 18th day of May, 1896, in favor of the plaintiff and against the said defendant, for the sum of eight hundred seventy-four and 68-100 dollars and

WHEREAS, an execution on said judgment was duly issued and delivered to me on the 11th day of May, 1896, and I levied upon and attached the real estate and premises hereinabove described, on the 24th day of January, 1896, as the property of the said Martin H. Broderick, being the same real estate and property thereto attached by me in said action, and

WHEREAS, an order was made by the circuit court for Rock county on the 17th day of June, 1895, staying proceedings for the collection of said judgment until the further order of the court, and

WHEREAS, by stipulation of the parties dated the 5th day of May, 1896, the sum of three hundred seventy-four and 68-100 dollars was remitted from said judgment by the plaintiff, and an order was entered in said action, dated the 8th day of May, 1896, vacating said order of June 17th, 1895.

Now, therefore, by virtue of said execution so issued, and delivered to me in said action and by virtue of the said levy made by me on real estate and premises hereinabove described, I will sell the same to the highest bidder, therefor, at the front door of the court house in the city of Janesville, Rock county, Wisconsin, on Monday, the 22d day of June, 1896, and at 10 o'clock a. m. of that day, the following real estate and premises, situated in the village (now city) of Evansville, county of Rock and state of Wisconsin, described as follows:

The northeast part of lot four (4), block eight (8) of the original plat of the village of Evansville, which is bounded as follows:

Beginning at the northeast corner of said lot four (4), thence south on the east line of said lot two (2) rods; thence west at right angles three (3) rods; thence north two (2) rods; thence (3) rods to the south line of said street; thence easterly along the south line of said street three (3) rods to the place of beginning, or so much thereof, as may be necessary to pay the sum of five hundred dollars due on said judgment with interest and costs of sale.

Dated May 8, 1896.

The old man who looks out at the world with clear and healthy eyes cannot help feeling great gratification at the thought that his children have inherited from him no weakness nor tendency to disease. The healthy old man is the man who has throughout his life kept his digestion good and his blood pure. Not one in a thousand does it. Germs go through the healthy body without effect. Let them once find lodgment or let them find a weak spot, they will develop by the million and the blood will be full of them. Instead of giving strength to the tissues, it will force upon them a withersomeness and tritement, and the more acceptable he is to disease. Dr. Pierce's Golden Medical Discovery is the only medicine that absolutely and infallibly cures all blood diseases, and almost all diseases are blood diseases. It isn't a medicine for some one particular so-called disease. It is a medicine for the whole body. It forces out all the germs of disease, and replaces impurities with rich, red blood.

\$3 FANS FOR \$1.

Do not understand that we intend to sell fans at a two dollar loss, for that is not the way we do business, —but a big purchase, in fact two big purchases of the sample lines of two New York importers puts us in a way to announce the greatest Fan sale ever known in town, and the uniform price at which we shall offer upwards of half a thousand Fans, of Gauze, Silk, Satin and Feathers, worth to \$3, is. \$1.00

The next best line, which will include the finest Fans in the line—Fans which would be ordinarily sold up to four dollars, and among which are some very fine ostrich feather Fans..... \$1.50

A line of the lower grades will be on the counters at special prices, beginning at..... 50c

In the above lines is a liberal showing of Empire Fans, so much in vogue.

Sale starts Tuesday morning, June 2nd, and should be of particular interest to graduates, as well as to every lady who loves the beautiful.

Persian Parasols--

Made of warp printed silks, in new Persian patterns, white paragon frames, natural wood crook handles, no prettier Parasols in Janesville; extra values at.....

\$1.69

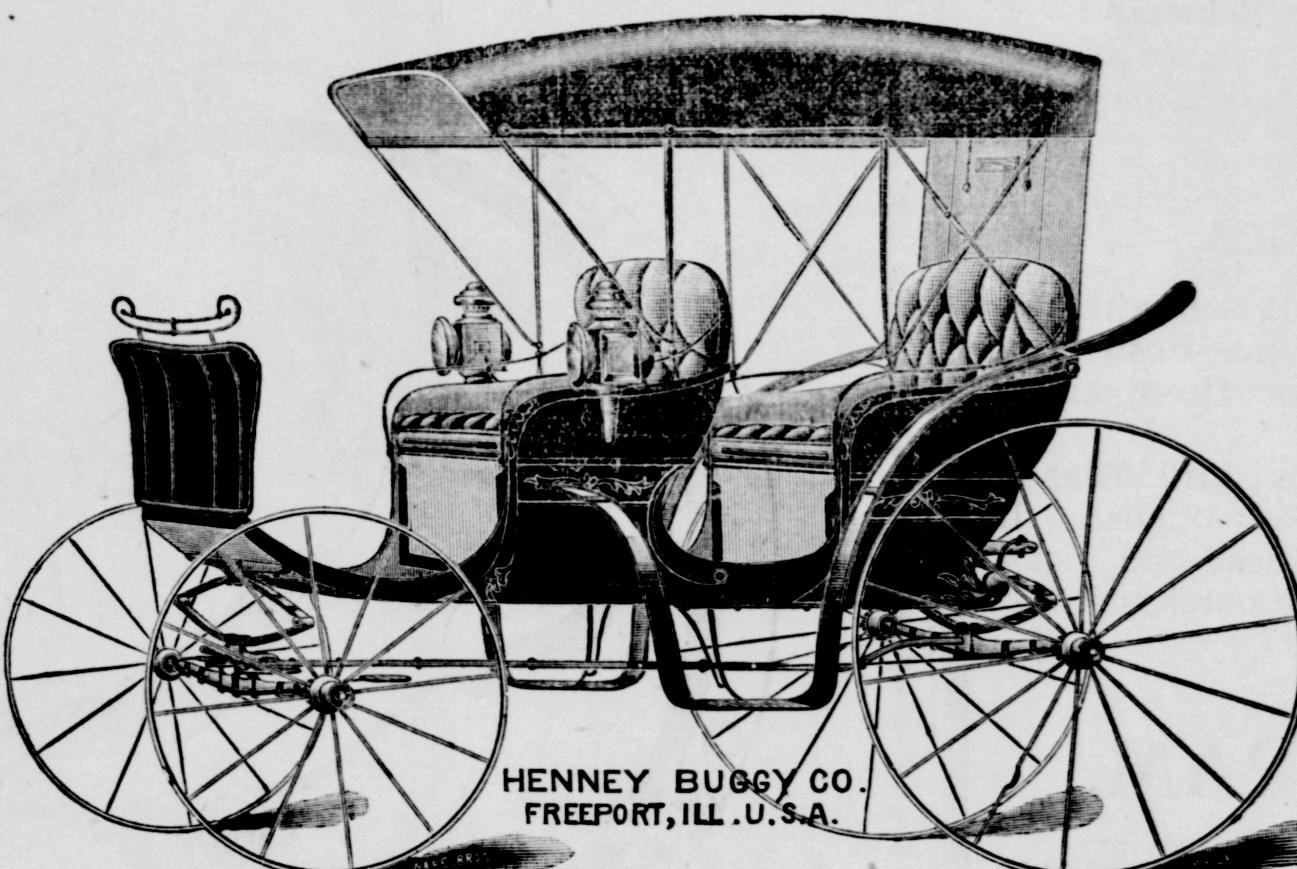

If you should see these with a three dollar mark on them, they would look about right, but at \$1.69 they are positive bargains.

Shirt Waist Sets--

Link Cuff Buttons, Collar Button and three studs, pretty designs, the complete set. Compare them with sets you have paid 50c for.

Oklahoma's Progress.

The governor of Oklahoma reports that that territory made rapid and solid progress during the last fiscal year. The population in 1894 was 213,000, and he estimates that there has been a gain of 62,000 since then, due partly to the opening to settlement of the Kickapoo reservation.

BICYCLE SHOES AS EASY AS GLOVES

To be comfortable while riding you must have shoes made for the purpose. The arrangement of vamp sole and lacing must be perfect. Bicycle Shoes for every day wear, however, afford wonderful ease to sensitive feet. They prove very satisfactory, too, for golf and other games where much walking is necessary. No Bicycle Shoe has ever stood the test the way the "Ball Bearing" has.

Three Nobby Ones For Men--

OX BLOOD CALF—Made of the highest quality stock, with black lacings and lace holes. The top notch of style.

TAN CALF—The natural color of the leather. Cool looking and as flexible and easy as kid.

BLACK CALF—These are preferred by some to the tan. We meet all tastes. The leather in these Shoes is the famous "Prince of India," tough as belt lacings. We honestly believe there is no better Bicycle Shoe made. We have all widths.

Nelson, the winner of the Chicago Road Race, wore "Ball Bearing" Shoes.

Great Assortment For The Ladies...

All the prettiest styles are in our stock this year. Easy and well-fitting Bicycle Shoes for ladies—the element of beauty not neglected, either. What would you like? If it is new we have it.
